

# NeutraAb™ Anti-Hantavirus Glycoprotein Monoclonal Antibody

Mouse Anti-Hantavirus Glycoprotein Monoclonal Antibody for ELISA, Neut

## Specifications

### Host

Mouse

### Antibody Isotype

IgG

### Clone

HTN-Gn1

### Species Reactivity

Hantavirus

### Immunogen

The original version of this antibody was raised against glycoprotein from Hantavirus.

### Conjugate

Unconjugated

### Application

ELISA, Neut

## Target

### Alternative Names

Hantavirus Glycoprotein; Orthohantavirus; Hantavirus; Hantaviridae; Bunyavirales; gp
