Testimonials

Couldn't recommend Ballarat excavators any more highly!
Great communication and an excellent operator! Well worth every penny!

Ashford Sullivan

From first contact to the completed job, I was pleased by Patrick's professionalism, good communication skills, plant operator proficiency and that he left the worksite clean and tidy.

Rosalia Walsh

Really easy to deal with. Reasonable rates and good work.
Highly recommend!

Shannon Wood

I found Ballarat Excavators to be super friendly, quick response and providing best guidance.

Kavya Basavaraja

Pat and his team are fantastic. We have a small yard with restricted access, so the guys had to manually dig out rocks, bricks etc and wheelbarrow it all out. The new turf Shane laid looks awesome. Nothing was too much trouble. Would highly recommend.

Deb King

We would like to thank Pat for the amazing work he did on our two driveways. The results have exceeded our expectations. Pat is a great person to deal with being reliable, friendly and a true professional. Reading the reviews, from our experience they are all accurate. Highly recommend Pat. Great value.

Maria Debono

Pat did an exceptional job in excavating my yard space, allowing me a clean canvas to work from. Came along and quoted a fair price for the work day. He understood the goal I was wanting to achieve with the design and cleared/removed all unwanted material from the site.

Samuel Collins

Pat was great to work with, I had booked him in a few weeks in advance and was on a tight schedule. He was on time, had the right equipment for the job which included tree stump removal, concrete breaking and removal, and general land clearing ready for a new build. Highly recommend and will definitely use him again in the future.
